

Scalp Renewal Refresh Treatment

POWERED BY SCALP SOLUTIONS

The **Scalp Renewal Refresh Treatment** is an express, targeted service powered by plant actives to address key scalp concerns, help defend against the visible signs of premature scalp aging and provide visibly shinier, healthier hair after one service. The treatment features products that improve scalp hydration, nourish and soften the scalp and soothe dryness (normal-to-dry scalps) or products that reduce sebum, restore a clean scalp surface and cool and refresh the scalp (normal-to-oily scalps).

- Professional-only blend of adaptogenic botanicals, including andrographis and Centella asiatica, fight visible signs of premature scalp aging
- Professional-only masque developed with scalp nourishment at the highest concentration, this formula contains 30% more hydrating ingredients (oils and butters)*
- All hair types and textures are instantly transformed, visibly healthier and shinier post-treatment

GUEST EXPERIENCE

- Introduce the treatment:
- During the guest consultation
 - While at the shampoo bowl
 - While pre-booking the guest’s next service

SAY: “Healthy hair begins with a healthy scalp. Premature scalp aging can affect the quality of the hair that grows from it. I would love to offer you a deeply nourishing treatment designed for anyone concerned with scalp health. This service fights the visible signs of premature scalp aging, including build-up, excess sebum and dryness, with customized products and massage techniques that address your specific scalp needs.”
