ENTERPRISE MOBILITY

iOS DEVICE ENROLLMENT

QUICK REFERENCE GUIDE

ESTĒE LAUDER COMPANIES

MDM (Mobile Device Management) software is required on your corporate or BYOD device to ensure ELC data and applications are secure.

This document will help you to register a new iPhone or iPad. If you already had ELC email on this device, please check here first (Link to prerequisites).

Step 1

On the mobile device you are enrolling, launch web browser and navigate to http://estee.byodportal.com/reg
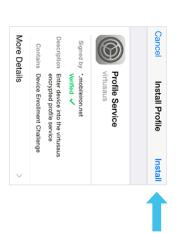

Complete the template and click Let's Register.

byodportal.com
