

ORIGINS

MINIMAL PACKAGING

TODAY

All of our cartons are FSC™ certified, made with paperboard from responsibly managed forests. 55% of our packaging by weight is recyclable, refillable, reusable, recycled or recoverable.

TOMORROW

By 2023 our goal is to ensure that at least 80% of our packaging by weight is recyclable, refillable, reusable, recycled or recoverable.

TREE PLANTING

TODAY

We've breathed new life into our forests by pledging, planting and caring for over 2 Million tree saplings around the world.

TOMORROW

With the creation of Origins Green The Planet™, we're growing our commitment to help offset carbon emissions, combat climate change and restore ecosystems through global tree-planting initiatives¹, one tree at a time.

ON A
MISSION
TO GREEN THE PLANET™

GOOD ENERGY

TODAY

We use 100% renewable electricity to manufacture our products in primary facilities. Because it's the right thing to do.

TOMORROW

But we're not done. This year, we will achieve zero-industrial waste-to-landfill global manufacturing and distribution sites.
