

EARTH MONTH 2022

GREEN THE PLANET™

ORIGINS X ONE TREE PLANTED

OUR 2021 IMPACT:

- Launched Green the Planet™ Fund
- Origins partnered with our global tree planting partner, One Tree Planted, to support the planting of 250,000+ trees worldwide. Specific areas include:

COLORADO

A project focused on restoring 500,000+ acres of Englemann spruce trees that were killed after a spruce bark beetle epidemic

CALIFORNIA

A reforestation effort helped reforest the San Bernardino National Forest after the Cranston Fire of 2018

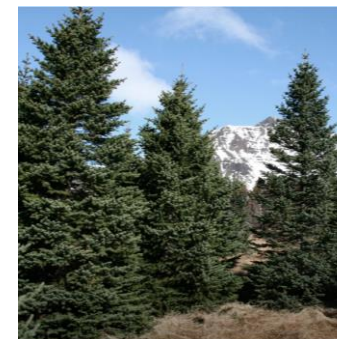

PENNSYLVANIA

Ten abandoned mining sites throughout the Appalachian region were rehabilitated and restored

PHILIPPINES

A project that restored rainforests and created habitat for endangered species in Mount Matutum

ICELAND

Over 400 acres of forest was planted to transform degraded grazing land on the "Dragon's Nest" farm

DID YOU KNOW:

One Tree Planted is an environmental organization that helps aid in the reforestation of forest land that is lost every day.
